Q. What do you think of the way Simpson is doing?

A. It is surprising he did not make a blanket indictment to cover my whole family.

Q. Do you contemplate going abroad after the trials?

A. That is too far in advance to decide.

Q. Do you intend moving out of Jersey after the trials are over?

A. Have not decided as yet what I am going to do.

Q. Do you think they will solve the case?

A. I do not think so.

Q. What does Willie think of being confined in jail?

A. Well it is rather a bore to him.

Q. What do you think of the laws here?

A. I am an American and still am but always thought this a free country. (or words to that effect meaning the same) Daniels stated to reporters it was hard to get her to talk as she had to watch the traffic while driving her chauffeur sat in back seat, so therefore from his conversation took for granted he sat in front seat with Mrs. H. , when they arrived at the house she informed ~~them~~ him she had to attend to some duties and asked to be excused and said she thought he could not ask any more questions, and she at all times told the truth and could say no more; Daniels told reporters that Fred Hall, another reporter, had followed them to the house in his car. I missed a few answers and questions but kept in mind the ones I thought would be of interest to you and yours to correspond what she actually did say.

I also learned that Underwood had made appointment with reporters for 4 P.M. as he was to have 2 or 3 witnesses at Headquarters, when they went there at 4 P.M. was informed Underwood had gone to Jersey City at 3:15 P.M. Some loud holloweing went on.

Nothing else new, no witnesses were examined today here.
